HUNGER

You can make a big difference

HUNGER 11.2.11

Dear Member of Congress,

“Give a man a fish and you feed him for a day. Teach a man to fish and you feed him for a lifetime.”

That phrase is repeated a lot, but with nearly 1 billion hungry people in the world, many of whom are food producers in developing countries, it’s time to take that message to heart. We must invest in sustainable development that will really make a difference in the lives of those who hunger. Not just for a day, but for a lifetime.

U.S. foreign assistance can help find cost-effective and practical solutions to world hunger by expanding it to help poor farmers in other countries grow and market their crops.

Make a difference. Support development assistance for international agriculture, food security and nutrition.

Sincerely,
