FARMERS MARKET COFFEE

A mission-driven venture from Lutheran World Relief

DRIP COFFEE BREWING INSTRUCTIONS

- 1 With drip brewer on a coffee prep surface (countertop, table, etc.), open the lid to brewer reservoir.
- 2 Fill water tank with filtered water to desired level.
- 3 Insert filter into coffee basket.
- 4 Fill coffee filter with 2 tablespoons of coffee per 6 ounces of water (1 standard cup of coffee). Please adjust to your taste.
- 5 Close lid and turn the drip brewer on, beginning the brewing cycle.
- 6 Once brewing cycle is complete, remove used filter and spent grounds from brew basket.
