Urgent Need

Goats are a source of lasting blessings for families in need.

Goats are one of the most meaningful gifts you can give to a family living in poverty. A hardy goat can survive in parts of the world where other farm animals can't. Goats are easy to care for and to breed. And in addition to nutritious milk and cheese, goats provide rich manure to fertilize crops. That means families can grow more and better food to eat and sell. Goats truly are a terrific choice for helping to provide families with a lasting source of nutrition and income. Your gift will be a tremendous blessing!

1 Goat \$100

**2 Goats +
1 Hen & 6 Chicks** \$240

Hens & Chicks equip a farming family to succeed.

Besides being a lasting source of nourishing eggs, chickens are also easy to breed. That makes this Gift of Love a great investment in sustainability and independence as families can sell chicks and eggs for extra income. For each hen you give, the family will also receive six chicks!

1 Hen & 6 Chicks \$80

Chicken farming provides a reliable income for families like Bikram's.

"We are thankful that, even in this rural place, you have come and supported us. It is a big help for us." — Bikram, Nepal

Milk & Eggs help break the cycle of poverty.

For families in the world's poorest places, the gift of milk and eggs means a reliable source of nutrition and income, too. Your gift of one goat, three hens and 18 chicks will provide essential nutrition for a family. And they can sell their surplus to pay for important needs like school fees and medical care.

A Lasting Source of Milk & Eggs \$220

A Herd of Hope creates positive change that lasts.

This is a big idea that has an even bigger impact. Give a herd of hope and you will provide years of lasting blessings for families in need. This herd of helpful animals is a great source of nutritious milk and eggs to help keep children and adults healthy and strong. They also provide wool and fertilizer.

As the animals multiply, so will the fruits of your compassion, as families have more and more surplus to sell for much-needed income. Your gift includes two goats, two sheep, two piglets, one hen and six chicks.

Half a Herd of Animals \$265

Jake Lyell for LWR

Piglets are a growing family resource.

An adult pig can weigh over 200 pounds and each sow can produce up to 20 piglets per litter! Your gift will be a wonderful, lasting source of nutrition and family income, and even the manure can be used to nourish crops.
