

Your neighbors need your help now more than ever.

Here are 3 easy ways to build connections between local and global neighbors during this pandemic and make a greater difference in the world... from your own kitchen table.

- 1 Share the LWR Overview presentation created specifically for congregations during an adult forum, council meeting, women's group, etc. This presentation is a part of Ambassador orientation and can be modified for your congregation to be shared virtually or in-person with a small group.

REQUEST PRESENTATION

- 2 Share digital resources with your congregation via email, or ask your pastor to include them during virtual worship

Visit lwr.org/congregations

- 3 Share LWR posts on your social media
